Solely for the purpose of each manufacturer's product approval process, the target market assessment in respect of the Class A Notes has led to the conclusion that: (i) the target market for the Class A Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU (as amended, "**MiFID II**"); and (ii) all channels for distribution of the Class A Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Class A Notes (a "**distributor**") should take into consideration the manufacturers' target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Class A Notes (by either adopting or refining the manufacturers' target market assessment) and determining appropriate distribution channels.
