**About Gentrack**

Gentrack provides essential software for essential services, pairing powerful platforms with deep market knowledge to help utilities and airports lower service costs, foster innovation and confidently navigate market reform. It employs over 500 people in offices across New Zealand, Australia, the UK and Europe and services over 200 utility and airport sites in 20 countries with its leading solutions for utilities - Gentrack Velocity and Junifer, and for airports under the Veovo brand including Airport 20/20, BlipTrack and Concessionaire Analyzer+.

Velocity and Junifer are two of the leading billing and customer management solutions in the sector, providing a full range of proven capabilities along with hosted and managed services options for new entrant energy and water suppliers, and larger utilities in competitive markets where flexibility, uniqueness and compliance are essential.
