Dear Option Holder

Knosys Limited
ABN 96 604 777 862
Partially Underwritten Non-renounceable Rights Issue

On 29 May 2018, Knosys Limited (KNO:ASX) (**Knosys** or **Company**) announced a proposed capital raising of approximately \$4.02 million (before costs) by way of a oversubscribed share placement to raise approximately \$1.37 million of 19,587,347 Knosys shares to sophisticated investors (**Placement**) and a 7 for 19 non-renounceable rights issue to raise approximately \$2.65 million of up to approximately 37,924,059 new Knosys shares at an issue price of \$0.07 per share (**New Shares**) (**Rights Issue**).

The Placement was successfully concluded on 31 May 2018. The Placement was conducted using the Company's placement capacity under ASX Listing Rules 7.1 and 7.1A of 11,352,408 shares and 8,234,939 shares respectively and the issue price represented a discount of approximately 11.9% to the 15-day VWAP of Knosys shares (to 29 May 2018). Blue Ocean Equities Pty Limited (**Blue Ocean Equities**) acted as Lead Manager to the Placement.

In addition to being able to apply for New Shares under the Rights Issue, eligible shareholders (described below) who take up their full entitlement will also be able to apply for New Shares that are not subscribed for under the Rights Issue under a shortfall facility. Further details of the shortfall facility will be set out in the Offer Document sent to eligible shareholders.

Application of the Funds

The funds raised from the Placement were used to repay the holders of convertible notes which matured on 31 May 2018. Funds raised from the subsequent Rights Issue will be used to accelerate investment in the Company's sales, marketing, product development and customer success teams in order to drive APAC customer and revenue growth. The costs of the Rights Issue and Placement will also be paid out of the funds raised.

KNO Chief Executive Officer, Mr. John Thompson said "We are delighted to have received strong demand for the Placement from our new and existing sophisticated investors. The Board also considered it important to allow existing shareholders the same opportunity to invest further in the Company's growth hence the decision to undertake a Rights Issue."

"The funds raised from this capital raising will enable the Company to exploit its recent successful contract announcements with Singtel and Optus by recruiting additional business development and marketing employees. These additional employees will focus primarily on making sales of our leading software platform, Knowledge/Q. We will also commence a broader digital marketing campaign and sponsorship of industry conferences during the year to build brand awareness of Knosys. Our growth aspirations include expansion into Singapore with the opening of a local office to enable us to better engage with customers and partners and grow our sales footprint in the APAC region. We also intend to continue to invest in ongoing product innovation focusing on integrations and enhancements to simplify usage and drive adoption of the Knosys software platform."

Rights Issue details and Offer Document

The Rights Issue will be made to eligible Knosys shareholders without disclosure under Part 6D.2 of the *Corporations Act 2001* (Cth) (**Corporations Act**) pursuant to section 708AA of the Corporations Act, as modified by ASIC Corporations (Non-Traditional Rights Issues) Instrument 2016/84.

The Company will dispatch a copy of the Offer Document and a personalised Entitlement and Acceptance Form to eligible shareholders in accordance with the below timetable. Once available, the Offer Document will also be lodged on the ASX Market Announcements Platform which is available on

the ASX website at www.asx.com.au (ASX code: KNO). It will also be available on the Company's website at www.knosys.it.

Therefore, to the extent that an eligible shareholder does not take up all or part of their entitlement under the Right Issue, that entitlement (or the relevant proportion not taken up) will lapse and the New Shares, the subject of that entitlement (or the relevant proportion not taken up), will be made available under the proposed shortfall facility or otherwise taken up by Blue Ocean Equities as underwriter as referred to below.
