NEW CONTRACT APPOINTMENT - BROCKMAN

EVZ Limited (ASX:EVZ) is pleased to announce a significant project success.

Brockman Engineering Pty Ltd has been contracted for the engineering and construction of the new crude storage tank at the Mobil Altona Refinery. This appointment follows on from the Early Works package announced to the market in early May 2018.

The new crude tank will improve the efficiency of Altona Refinery's local refining and supply operations, helping to meet Australia's growing demand for transportation fuels.

The total value of the contract is circa \$27M with works commencing on site mid-2018. Revenue from this contract will be accretive during FY2019 and first half of FY2020.

This project success demonstrates EVZ Limited's increasing capability to procure large projects and together with other recently announced contract wins ensures that the company is very well placed to achieve strong earnings and revenue growth during FY2019.
