166% INCREASE IN EBITDA

Leading telecommunications and content solutions provider Swift Networks Group Limited (ASX: SW1, “Swift” or “the Company”) is pleased to present its preliminary (unaudited) results for the year to 30 June 2018.

Exceptional earnings growth: Swift has outperformed expectations, leading to an expected EBITDA for FY18 of \$2.7 million compared to \$1 million in FY17. This achievement represents EBITDA growth of 166% year-on-year and \$4.2 million over the last 2 years.

Significantly, as at June 2018, Swift’s annualised contracted revenue increased 44% year-on-year to \$15.7 million. The successful roll-out of the Company’s reseller and partnership strategy delivered 43% of all new sales in FY18, with further acceleration expected in FY19.

Accelerated profitability: Swift’s successful expansion into new market verticals has been accompanied by an increase in its gross margin in FY18 to 41.6% (FY17: 31.7%). This further demonstrates that the Company is delivering on its strategy to grow diverse and scalable sources of profitable revenue with 72% being recurring in nature.
