

19th July 2018

Resources Market Dominance Continues with 1,300 New Rooms ASX: SW1

Highlights:

- **Swift wins multi-year contracts with new and existing clients in the resource sector being Ausco, NT Link, Anglo Gold, Iluka and Tronox.**
- **Swift's market leading digital information and entertainment solution to be provided to 1,336 new rooms across Australia.**
- **Remarkable customer retention rate continues - Anglo Gold contract extension also sees Swift continue to provide services to 662 existing rooms (in addition to the 1,336 listed above).**

Leading communications, content and advertising solutions provider Swift Networks Group Limited (ASX: SW1, "Swift" or "the Company") is pleased to announce it has won multiple contracts to provide its award-winning suite of entertainment and connectivity services to new and existing resources sites across Australia.

Swift's proven capability delivers another NT Link contract:

NT Link has awarded Swift a contract to provide its suite of services to 4 x 140-room camps at the Northern Gas Pipeline project in the Northern Territory.

This contract follows the successful deployment of the Swift solution to previously announced NT Link customers in the Northern Territory and Western Australia and marks the fourth project where NT Link has chosen Swift to provide digital entertainment solutions to its customers

Swift is provider of choice for 416 rooms across 2 camps in Cataby, WA: Swift will complete onsite infrastructure works and deploy its market leading communications and digital entertainment solution to Iluka Resources Limited (ASX: ILU) and Tronox Management Pty Ltd.

These multi-year agreements see Swift provide ongoing services to a total of 416 rooms across 2 camps at Cataby in Western Australia.

This marks the first project with Iluka and the second contract provided to Swift by Tronox.

Anglo Gold Ashanti expands Swift's service provision: Swift's excellent customer retention rate is further demonstrated with the award of a 12-month extension for 662 rooms at Anglo Gold Ashanti's Tropicana facility.

Anglo Gold has also expanded the contract to include 160 additional rooms to which Swift will provide content, support and communication services.

Another contract win with Ausco: Ausco has engaged Swift to refit a 200-room fly camp in order to increase the standard of services to match those provided by Swift at the adjacent 500-room Amrun Village construction camp.

This contract follows Swift's successful deployment of services for Ausco supporting Rio Tinto's Bauxite project in Weipa, Queensland in 2017.

Swift Chief Executive Officer, Xavier Kris, said,

"These new contracts showcase the 'best in class' nature of the Swift solution in the resources market."

"Swift is proud of the fact that 93% of all customers signed by the business since its inception in 2008 remain with the business today."

"Signing these new and expanded contracts with existing customers and partners demonstrates that the Swift solution meets and exceeds market expectations time and time again."
