REQUEST FOR TRADING HALT

In accordance with Listing Rule 17.1, Verdant Minerals Ltd (VRM) requests a trading halt in VRM's ordinary shares listed on ASX from the commencement of trading on Tuesday, 5 June 2018.

VRM advises that:

1. The trading halt is sought in advance of an announcement to be made to the market concerning a material capital raising in the form of an institutional placement. The trading halt is requested to avoid trading in VRM's shares taking place on an uninformed basis and to allow the placement to take place in an orderly manner.
2. VRM wishes the trading halt to last until the commencement of normal trading on Thursday, 7 June 2018 unless VRM makes an announcement before that time concerning the capital raising or requests that the trading halt be lifted.
3. VRM is not aware of any reason why the trading halt should not be granted and is not aware of any other information that is necessary to inform the market about the trading halt.
